### James Barton Design-Build Inc. Wins 2015 Chrysalis Award

Apple Valley remodeling firm, James Barton Design-Build Inc. has been honored with a 2015 Chrysalis Award for Remodeling Excellence. The winning project was in the Outdoor Living Category. A wrap around deck with glass railings and an area with covered roof offered shade for these homeowners on a hot sunny day. The screened porch below the deck provides bug-free entertaining and shelter from the elements.

The Chrysalis Awards program began in 1994 and recognizes the nation's best work in fifteen general categories of residential remodeling. The entries were judged on overall design, creative use of space and materials and degree to which the project enhanced the original structure.
